(a) The Chief Animal Control Officer, any animal control officer or any municipal or regional animal control officer may take physical custody of any animal when such animal control officer has reasonable cause to believe that such animal is in imminent harm and is neglected or is cruelly treated in violation of section 22-366, 22-415, 53-247, 53-248, 53-249, 53-249a, 53-250, 53-251 or 53-252, and, not later than ninety-six hours after taking physical custody, shall proceed as provided in subsection (c) of this section, except that if, in the opinion of a licensed veterinarian or the State Veterinarian, at any time after physical custody of such animal is taken, such animal is so injured or diseased that it should be destroyed immediately, such officer may humanely destroy or cause such animal to be humanely destroyed.

(b) The Chief Animal Control Officer, any animal control officer or any municipal or regional animal control officer may take physical custody of any animal upon issuance of a warrant finding probable cause that such animal is neglected or is cruelly treated in violation of section 22-366, 22-415, 53-247, 53-248, 53-249, 53-249a, 53-250, 53-251 or 53-252, and shall thereupon proceed as provided in subsection (c) of this section except that if, in the opinion of a licensed veterinarian or the State Veterinarian, at any time after physical custody of such animal is taken, such animal is so injured or diseased that it should be destroyed immediately, such officer may humanely destroy or cause such animal to be humanely destroyed.

(c) Such officer shall file with the superior court which has venue over such matter or with the superior court for the judicial district of Hartford at Hartford a verified petition plainly stating such facts of neglect or cruel treatment as to bring such animal within the jurisdiction of the court and praying for appropriate action by the court in accordance with the provisions of this section. Upon the filing of such petition, the court shall cause a summons to be issued requiring the owner or owners or person having responsibility for the care of the animal, if known, to appear in court at the time and place named.

(d) If physical custody of an animal has been taken pursuant to subsection (a) or (b) of this section and it appears from the allegations of the petition filed pursuant to subsection (c) of this section and other affirmations of fact accompanying the petition, or provided subsequent thereto, that there is reasonable cause to find that the animal's condition or the circumstances surrounding its care require that temporary care and custody be immediately assumed to safeguard its welfare, the court shall either (1) issue an order to show cause why the court should not vest in some suitable state, municipal or other public or private agency or person the animal's temporary care and custody pending a hearing on the petition, or (2) issue an order vesting in some suitable state, municipal or other public or private agency or person the animal's temporary care and custody pending a hearing on the petition. A hearing on the order issued by the court pursuant to subdivision (1) or (2) of this subsection shall be held not later than fourteen days after the issuance of such order. The service of such order may be made by any officer authorized by law to serve process, state police officer or indifferent person and shall be served not less than forty-eight hours prior to the date and time of such hearing. (e) If physical custody of an animal has not been taken pursuant to subsection (a) or (b) of this section, and the Chief Animal Control Officer, any animal control officer or any municipal or regional animal control officer has reasonable cause to believe that an animal is neglected or is cruelly treated in violation of section 22-366, 22-415, 53-247, 53-248, 53-249, 53-249a, 53-250, 53-251 or 53-252, such animal control officer may file a petition with the superior court which has venue over such matter or with the superior court for the judicial district of Hartford at Hartford, plainly stating such facts of neglect or cruel treatment as to bring the animal within the jurisdiction of the court and praying for appropriate action by the court to ensure the welfare of the animal including, but not limited to, physical removal and temporary care and custody of the animal, authorization of an animal control officer or a licensed veterinarian to provide care for the animal on site, vesting of ownership of the animal, the posting of a bond in accordance with subsection (f) of this section and the assessment of costs in accordance with subsection (h) of this section. Upon the filing of such petition, the court shall cause a summons for an order to

show cause to be issued requiring the owner or owners or person having responsibility for the care of the animal, if known, to appear in court at the time and place named. If the owner or owners or person having responsibility for the care of the animal is not known, notice of the time and place of the hearing shall be given by publication in a newspaper having a circulation in the town where the animal is located not less than forty-eight hours prior to the date and time of the hearing. If it appears from the allegations of the petition filed pursuant to this subsection and other affirmations of fact accompanying the petition, or provided subsequent thereto, that there is reasonable cause to find that the animal's condition or the circumstances surrounding its care require the immediate removal of the animal from the owner or owners or person having responsibility for the care of the animal to safeguard its welfare, the court shall issue an order vesting in some suitable state, municipal or other public or private agency or person the animal's temporary care and custody pending a hearing on the petition which hearing shall be held not later than ten days after the issuance of such order for such temporary care and custody. The service of such order may be made by any officer authorized by law to serve process, state police officer or indifferent person and shall be served not less than forty-eight hours prior to the date and time of such hearing.

(f) If the court issues an order vesting the animal's temporary care and custody in some suitable state, municipal or other public or private agency or person, the owner or owners shall either relinquish ownership of the animal or post a surety bond or cash bond with the agency or person in whom the animal's temporary care and custody was vested. The surety bond or cash bond shall be in the amount of five hundred dollars for each animal placed in the temporary care or custody of such agency or person and shall secure payment for the reasonable expenses of the agency or person having temporary care and custody of the animal in caring and providing for such animal until the court makes a finding as to the animal's disposition under subsection (g) of this section. The requirement that a bond be posted may be waived if such owner provides satisfactory evidence that such owner is indigent and unable to pay for such bond.

(g) (1) If, after hearing, the court finds that the animal is neglected or cruelly treated, it shall vest ownership of the animal in any state, municipal or other public or private agency which is permitted by law to care for neglected or cruelly treated animals or with any person found to be suitable or worthy of such responsibility by the court.

(2) If, after hearing, the court finds that the animal is so injured or diseased that it should be destroyed, the court may order that such animal be humanely destroyed.

(3) If, after hearing, the court finds that the animal is not neglected or cruelly treated, it may cause the animal to be returned to its owner or owners or person having responsibility for its care or, if such owner or owners or person is unknown or unwilling to resume caring for such animal, it may vest ownership of the animal in any state, municipal or other public or private agency or person found to be suitable or worthy of such responsibility.

(4) If the court makes a finding under subdivision (1) or (2) of this subsection less than thirty days after the issuance of an order of temporary care and custody and the owner of the animal has posted a bond, the agency or person with whom the bond was posted shall return the balance of such bond, if any, to the owner. The amount of the bond to be returned to the owner shall be calculated at the rate of fifteen dollars per day per animal or twenty-five dollars per day per animal if the animal is a horse or other large livestock for the number of days less than thirty that such agency or person has not had temporary care and custody of the animal less any veterinary costs and expenses incurred for the welfare of the animal.

(5) If the court makes a finding under subdivision (3) of this subsection after the issuance of an order of temporary care and custody and the owner of the animal has posted a bond, the agency or person with whom the bond was posted shall return such bond to such owner.

(h) If the court finds that the animal is neglected or cruelly treated, the expenses incurred by the state or a municipality in providing proper food, shelter and care to an animal it has taken custody of under subsection (a) or (b) of this section and the expenses incurred by any state, municipal or other public or private agency or person in providing temporary care and custody pursuant to an order vesting temporary care and custody, calculated at the rate of fifteen dollars per day per animal or twenty-five dollars per day per animal if the animal is a horse or other large livestock until the date ownership is vested pursuant to subdivision (1) of subsection (g) of this section shall be paid by the owner or owners or person having responsibility for the care of the animal. In addition, all veterinary costs and expenses incurred for the welfare of the animal that are not covered by the per diem rate shall be paid by the owner or owners or person having responsibility for the animal.

(i) If the court vests ownership of the animal in the Commissioner of Agriculture or a municipality, the commissioner or the municipality may conduct or participate in a public auction of the animal under such conditions the commissioner or the municipality deems necessary or the commissioner or the municipality may consign the animal to an auction or sell the animal through an open advertised bid process whereby bid price and demonstration of sufficient knowledge and ability to care for such animal are factors for the commissioner's or municipality's consideration. All moneys collected from the sale of animals sold by the Commissioner of Agriculture through such open advertised bid process shall be deposited in the animal abuse cost recovery account established in subsection (j) of this section. All moneys collected from the sale of animals sold by a municipality through such open advertised bid process shall be deposited by the town treasurer or other fiscal officer in the town's general fund. The commissioner or the municipality may also vest ownership of any such animal in an individual or a public or private nonprofit animal rescue or adoption organization.

(j) There is established a separate, nonlapsing account within the General Fund, to be known as the "animal abuse cost recovery account". All moneys collected from sales at public auction of animals seized by the Department of Agriculture pursuant to this section shall be deposited into the account. Deposits of moneys may be made into the account from public or private sources, including, but not limited to, the federal government or municipal governments.

(k) Notwithstanding any provision of the general statutes, any moneys received by the Department of Agriculture pursuant to subsection (j) of this section shall be deposited in the General Fund and credited to the animal abuse cost recovery account. The account shall be available to the Commissioner of Agriculture for the purpose of the housing, care and welfare of any animal seized by the department, until final disposition of such animal. Additionally, the account may be used for the purpose of providing reimbursement to any municipality for the costs of providing temporary care to such animal if such temporary care exceeded thirty days in duration and such costs exceeded the amount of any surety bond or cash bond posted pursuant to subsection (f) of this section provided the total annual reimbursement to municipalities from said account for such purpose shall not exceed twenty-five thousand dollars. Sec. 22-355. Damage by dog to domestic animals or poultry. (a) When any person sustains damage by dogs to such person's sheep, goats, horses, hogs, cattle, poultry or domestic rabbits kept in enclosures as described in subsection (f) of this section, such person shall report such damage to the chief administrative officer of the town in which such damage was sustained, or the chief administrative officer's agent, or, if such damage was sustained on land located in two or more towns, such person shall report such damage to such authority of either of such towns. Upon receiving such report, the authority, with the person claiming to have sustained such damage, shall estimate the amount of such damage, including expenses of veterinary care, the fair monetary value of the animals or poultry killed, injured or damaged by such dogs and burial expenses for the animals or poultry killed by such dogs. If such authority and the person claiming to have sustained such damage are unable to agree as to the amount thereof, they shall choose some disinterested third person to assist in estimating the damage. Information required by this subsection shall be given within twenty-four hours after the person claiming under this section has or should have had knowledge of the same or, if the intervention of a Sunday or holiday prevents the reporting thereof, on the next succeeding business day. No claim for such damages shall be allowed to any person (1) who owns, keeps or has in possession any unlicensed dog, (2) whose employee, living on the premises, keeps an unlicensed dog which is six months of age or over, or (3) who fails to report such damage within the time limited by this section. The burden of proving the allegations of any claim under this section shall be on the person claiming under this section.

(b) The amount of damage agreed upon or estimated by any two of such three persons shall be paid by such town, and the town may recover such amount, when paid, with the compensation of such disinterested third person, from the owners, keepers or harborers of such dogs, if such persons are the residents of the town. If the owners, keepers or harborers of such dogs are not residents of the town in which the damage has been done, the

town paying the damage may recover such damage and compensation from the town or towns where such owners, keepers or harborers reside, unless such owners, keepers or harborers, or such town or towns, on notice, pay to the treasurer of the town which paid such damage the amount of such damage and compensation. Any town which is obliged to pay any such damage may recover the amount thereof from the owners, keepers or harborers of the dogs doing such damage.

(c) When additional or increased damages are claimed to sheep, goats, horses, hogs, cattle, poultry or domestic rabbits, which damages were not apparent at, and accrued subsequent to, the first appraisal of damage, a supplemental notice of such claim for additional damage may be given to such authority at any time within thirty days from the discovery of the original damage. The supplemental notice of claim shall set forth the facts upon which such claim is based. The claim shall be made to such authority and shall be acted upon in the manner provided in subsections (a) and (b) of this section.

(d) Any authority who has received notice pursuant to the provisions of this section and within a period of fifteen days after receiving such notice, fails to estimate the amount of such damage, or if such authority is unable, within a period of five days, to agree with the person claiming to have sustained such damage as to the amount thereof, or fails to agree with such person on a disinterested third person to assist in estimating such damage, or if such authority and such person agree on such disinterested third person and two of such three persons fail to agree as to the amount of such damage, the person who claims to have sustained damage may institute a civil action against the town in which the damage was sustained for the recovery of such damage. No such action shall be maintained unless brought within one year from the date the damage was sustained.

(e) When the selectmen, town manager or other chief executive officer of the town receives notice from any person claiming to have sustained damage by dogs to his sheep, goats, horses, hogs, cattle, poultry or domestic rabbits in excess of one hundred dollars, such authority shall, within twenty-four hours, report the same to the commissioner for investigation and shall call upon the commissioner or his agent to act for the town in appraising the damage as provided in subsections (a), (b), (c) and (d) of this section. The fact that said commissioner or his agent has acted for such authority shall not bar an action for the recovery of the damage as provided in subsection (d) of this section.

(f) Sheep, goats, horses, hogs, cattle, poultry and domestic rabbits shall be confined or shall be enclosed by a fence or wall of material and height sufficient to restrain them from roaming. In any case in which any town has paid an amount in excess of one hundred dollars for such damage to the owner of any such animal or poultry, and the amount of such damage cannot be collected from the owners, keepers or harborers of such dogs, the selectmen, town manager or other chief executive officer of such town, city or borough shall forward to the commissioner a statement of the facts, showing the amount so paid, and the State Treasurer, at the request of the commissioner, shall reimburse such town, city or borough for the amount of such damage, from the funds received by the state under the provisions of this chapter.

History: 1963 act replaced references to selectmen with references to chief administrative officer or authority, clarified when report must be made if Sunday or holiday prevents meeting of 24-hour limit and specifically disallowed claims by persons whose employee lives on premises and keeps unlicensed dog or by those not meeting time limit allowed for claims, included damages to poultry and domestic rabbits in Subsec. (c), deleted Subsec. (d) which had allowed issuance of order to kill dog if established damage claim not paid within 10 days of notice to dog owner, relettering remaining Subsecs. accordingly, changed time limit for reports to commissioner in new Subsec. (e) to within 48 hours rather than 5 days and made commissioner's appraisal mandatory rather than optional; 1971 act stated that burden of proof is on claimant in Subsec. (a) and in Subsec. (e) made basis for report to commissioner any damage to sheep, goats, horses, etc. rather than a claim for more than \$50 and reduced time for report from 48 to 24 hours; P.A. 85-145 amended Subsec. (f) by deleting obsolete references to the payment of expenses for Pasteur treatment; June Sp. Sess. P.A. 91-10 amended Subsecs. (e) and (f) to limit the state's responsibility under this section to those matters involving damage in excess of \$100; P.A. 93-435 made certain technical and grammatical revisions, effective June 28, 1993; P.A. 01-62 amended Subsec. (f) to give the Commissioner of Agriculture control over reimbursements to towns for damage, deleting or revising provisions re State Treasurer; P.A. 05-288 made technical changes in Subsecs. Sec. 22-357. Damage by dogs to person or property. If any dog does any damage to either the body or property of any person, the owner or keeper, or, if the owner or keeper is a minor, the parent or guardian of such minor, shall be liable for the amount of such damage, except when such damage has been occasioned to the body or property of a person who, at the time such damage was sustained, was committing a trespass or other tort, or was teasing, tormenting or abusing such dog. If a minor, on whose behalf an action under this section is brought, was under seven years of age at the time such damage was done, it shall be presumed that such minor was not committing a trespass or other tort, or teasing, tormenting or abusing such dog, and the burden of proof thereof shall be upon the defendant in such action. For the purposes of this section, “property” includes, but is not limited to, a companion animal, as defined in section 22-351a, and “the amount of such damage”, with respect to a companion animal, includes expenses of veterinary care, the fair monetary value of the companion animal and burial expenses for the companion animal.

Any person who fails to comply with any order made under the provisions of this section shall be fined not more than one hundred dollars. The commissioner, the Chief Animal Control Officer, any animal control officer or any municipal animal control officer may quarantine any animal in a public pound, veterinary hospital, kennel or other building or enclosure approved by the commissioner for such purpose, if in the determination of the commissioner or such officer, such animal is rabid or is suspected of being rabid, or has been bitten by, or may have been bitten by, or has been in contact with or exposed to, a rabid animal or an animal suspected of carrying rabies or any wild animal as defined in subsection (d) of this section. The length of such quarantine period shall be determined by the commissioner or the State Veterinarian who shall take into account the age, general health and vaccination history of the animal as well as current accepted veterinary practices. Any suspected or confirmed case of rabies shall be reported to the commissioner by a local director of health or board of health or any veterinarian within twenty-four hours of receipt of such information.

(b) Any dog, cat or other animal held in quarantine which is clinically diagnosed as rabid by two licensed veterinarians, at least one of whom shall be engaged in private practice, shall be humanely euthanized immediately without prior notice to the owner or keeper of same. No person who kills any animal in accordance with this subsection shall be held criminally or civilly liable therefor.

(c) Any animal, other than a dog, which is quarantined pursuant to this section which is not claimed by its owner or keeper within the period of such quarantine may be sold by the municipal animal control officer, if he finds that the animal is in good health. The animal may only be sold as a pet to a person who satisfies the officer that the animal will be given a good home and proper care. The municipal animal control officer may retain possession of such animal for such additional period of time as he may deem advisable in order to place such animal. Any animal, other than a dog, which is quarantined pursuant to this section which is not claimed by its owner or keeper within the period of such quarantine and which is not sold by the municipal animal control officer within five days of the expiration of such quarantine, may be disposed of at the direction of the State Veterinarian. No person who disposes of any animal in accordance with this subsection shall be held criminally or civilly liable therefor.

(d) The commissioner, any animal control officer or any state or municipal police officer may immediately kill any wild animal which is displaying behavior which causes the commissioner or such officer to reasonably conclude that such animal is rabid. For purposes of this subsection, “wild animal” means any mammal which is *ferae naturae* or wild by nature.

(e) The commissioner shall institute such measures as the commissioner deems necessary to prevent the transmission of rabies associated with animals in public settings, including, but not limited to, fairs, shows, exhibitions, petting zoos, riding stables, farm tours, pet shops and educational exhibits.

(f) The commissioner shall adopt regulations, in accordance with chapter 54, to implement the provisions of subsection (e) of this section. Such regulations may include requirements for the vaccination of animals against rabies, identification of animals, identification of owners or keepers of such animals, animal enclosures, posting of public advisories, reporting of rabies exposure incidents, records deemed necessary and proper relating to the vaccination of animals against rabies, and any other methods determined by the commissioner to prevent the transmission of rabies. Such regulations may consider the species of animal, the characteristics of the public settings and the nature and type of contact the public may have with animals.

Sec. 22-364. Dogs roaming at large. Intentional or reckless subsequent violation. (a) No owner or keeper of any dog shall allow such dog to roam at large upon the land of another and not under control of the owner or keeper or the agent of the owner or keeper, nor allow such dog to roam at large on any portion of any public highway and not attended or under control of such owner or keeper or his agent, provided nothing in this subsection shall be construed to limit or prohibit the use of hunting dogs during the open hunting or training season. The unauthorized presence of any dog on the land of any person other than the owner or keeper of such dog or on any portion of a public highway when such dog is not attended by or under the control of such owner or keeper, shall be prima facie evidence of a violation of the provisions of this subsection. Violation of any provision of this subsection shall be an infraction.

(b) Any owner or keeper of any dog who, knowing of the vicious propensities of such dog and having violated the provisions of subsection (a) of this section within the preceding year, intentionally or recklessly violates the provisions of subsection (a) of this section shall be fined not more than one thousand dollars or imprisoned not more than six months, or both, if such dog, while roaming at large, causes physical injury to another person and such other person was not teasing, tormenting or abusing such dog.

Subsec. (a):

The fact that an owner allows a dog to roam does not exonerate a keeper who also allows the dog to roam; either an owner or a keeper or both can be held liable for a violation of statute regardless of whether the owner was present and known to authorities at the time of the incident. 120 CA 324. Defendant who allowed dog to wander out of sight 20 to 30 yards away while on property of another violated Subsec., which is not unconstitutionally void for vagueness as applied, and which gives fair notice that Subsec. prohibits a dog owner from, inter alia, allowing a dog freely to move around another’s property, unrestrained and unhindered, and not under the direct influence of owner; dog’s subsequent response to owner’s verbal command did not demonstrate “control” required by Subsec. 139 CA 107.
