#### CRIMINAL PROCEDURE AND CORRECTIONS

#### SENTENCE

#### **921.0022 Criminal Punishment Code; offense severity ranking chart.—**

(1) The offense severity ranking chart must be used with the Criminal Punishment Code worksheet to compute a sentence score for each felony offender whose offense was committed on or after October 1, 1998.

(2) The offense severity ranking chart has 10 offense levels, ranked from least severe, which are level 1 offenses, to most severe, which are level 10 offenses, and each felony offense is assigned to a level according to the severity of the offense. For purposes of determining which felony offenses are specifically listed in the offense severity ranking chart and which severity level has been assigned to each of these offenses, the numerical statutory references in the left column of the chart and the felony degree designations in the middle column of the chart are controlling; the language in the right column of the chart is provided solely for descriptive purposes. Reclassification of the degree of the felony through the application of s. [775.0845](#), s. [775.085](#), s. [775.0861](#), s. [775.0862](#), s. [775.0863](#), s. [775.087](#), s. [775.0875](#), s. [794.023](#), or any other law that provides an enhanced penalty for a felony offense, to any offense listed in the offense severity ranking chart in this section shall not cause the offense to become unlisted and is not subject to the provisions of s. [921.0023](#).
